To Phoenix Tour

Elvin Askerov

Boskalis Offshore is global market leader in dredging and marine services. The company focuses on the oil and gas market segment.

Phoenix Tour ranks one of the top 15 travel agencies in Baku with its high quality in running its business oriented towards travel services, transfers, visa support etc. in the Azerbaijan Republic.

Phoenix Tour was contracted to provide us travel services, transfers, transportation services, air tickets, Hotel reservation in Tbilisi. As we had a lot of employees from all over the world and they were obliged to have a visa to visit Azerbaijan, Phoenix Tour arranged for them LOI (Letter of Invitation) as well as visa in a short period.

Next to the above mentioned services, Phoenix Tour also provided us with a car or minivan if necessary. In organization of these services we were very pleased to cooperate with Phoenix Tour.

Boskalis Offshore Subsea Contracting Azerbaijan B.V. would like to take this opportunity to express the appreciation to Phoenix Tour company for the work which was provided to us since 2015 year. We appreciate your help and assistance during this short period. Your professionalism and efficiency was comforting and reassuring

Boskalis recommends Phoenix Tour as an excellent and reliable contractor and partner to any potential client who is interested in using the company's services.
